

Sankalp Se Siddhi

The Sankalp se Siddhi (Attainment through Resolve) programme was launched by the Ministry of Culture in September 2017. It is a five-year plan with an implementation timeline from 2017 to 2022. The focus of the scheme is on good governance. The emphasis is on the use of technology to combat terrorism, bring cleanliness, and eradication of social evils such as caste barriers, communalism, and class divide. It is an umbrella programme that will include a number of schemes previously launched by the government and others which are still underway.
